

Animal Hospital of East Davie

Presurgical Anesthesia Consent Form

_____ will be undergoing _____ using anesthesia today. In order to provide the best and safest care during this procedure, we **require** that your pet be fully vaccinated, negative for heartworm disease and/or negative for Feline Leukemia and Feline Aids. We **strongly recommend** a preanesthetic blood profile to ensure your pet is at low-risk for anesthesia. 10% of all apparently healthy pets will have a blood abnormality, which may require a change in anesthetic protocol or possibly the cancellation of the surgery for that day. We have in-house technology that allows us to run accurate blood work minutes before anesthetic induction. In addition, these tests will serve as reference values should your pet become ill in the future.

Please note:

- If your pet has not been seen here before, or has not had a physical exam within the last six months, you **WILL** be charged for the pre-operative physical exam. ----- \$38.00
- If your pet has fleas, it will be given an oral or a topical flea product, and the fee will be added to your bill. ----- \$5.00 to \$15.00
- We will not perform surgery on your dog if it is 6 months old or older and is not current on heartworm prevention or testing within the last 12 months.
- All animals will be given a complimentary nail trim while under anesthesia.

Mini-panel with PCV - Recommended for all pets -----	\$47.00									
<table style="width: 100%; border: none;"> <tr> <td style="width: 33%;">Alt, Alkp (Liver)</td> <td style="width: 33%;">Bun Cr (Kidney)</td> <td style="width: 33%;">Glucose (Sugar)</td> </tr> <tr> <td>PCV (Anemia)</td> <td>TP (Hydration and Immune Status)</td> <td></td> </tr> </table>	Alt, Alkp (Liver)	Bun Cr (Kidney)	Glucose (Sugar)	PCV (Anemia)	TP (Hydration and Immune Status)					
Alt, Alkp (Liver)	Bun Cr (Kidney)	Glucose (Sugar)								
PCV (Anemia)	TP (Hydration and Immune Status)									
Profile/CBC - Recommended for pets over 3, includes all tests above, plus:-----	\$79.00									
<table style="width: 100%; border: none;"> <tr> <td style="width: 33%;">Alb (Protein)</td> <td style="width: 33%;">Amylase (Pancreas)</td> <td style="width: 33%;">Bilirubin (Liver)</td> </tr> <tr> <td>Calcium (some cancers)</td> <td>Cholesterol (Heart)</td> <td>Phosphorus (Kidney)</td> </tr> <tr> <td colspan="3">CBC in house</td> </tr> </table>	Alb (Protein)	Amylase (Pancreas)	Bilirubin (Liver)	Calcium (some cancers)	Cholesterol (Heart)	Phosphorus (Kidney)	CBC in house			
Alb (Protein)	Amylase (Pancreas)	Bilirubin (Liver)								
Calcium (some cancers)	Cholesterol (Heart)	Phosphorus (Kidney)								
CBC in house

Heartworm testing (Canine only) -----	\$34.00

I realize and accept that there is risk involved with general anesthesia and understand that the doctor and staff at Animal Hospital of East Davie will take every precaution during the care of my pet.

I have read this document and realize and accept that there may be additional charges for changes in protocol, or medications dispensed as deemed necessary by the veterinarian. I understand that my pet will have his/her nails trimmed during the procedure.
